HIV and Smallpox: What You Want to Know

This Community Forum will include:
Showing of NYS DOH Video titled
“The United States Smallpox Vaccination Plan:
What it Means for the HIV Community in New York State”
Guthrie S. Birkhead, MD, MPH, Director, NYS DOH AIDS Institute

On-Site Discussion

Interactive discussion and question/answer period with local experts

Sponsored by:

New York State Department of Health AIDS Institute
Broome County Health Department

Program Description

This 90 minute forum will provide people with HIV/AIDS and the non-clinical providers who serve them, with information about the Smallpox Vaccination Plan. It will explore the unique concerns that people with HIV may have about smallpox and smallpox vaccination.

During the program you will learn about:

- ↓ Smallpox vaccination and the recommendations of the National Advisory Committee on Immunization Practices
- ↓ Voluntary Smallpox Vaccination for staff who work in hospitals and public health programs
- ↓ Special concerns about the smallpox vaccine and persons living with HIV
- ↓ Smallpox vaccination of exposed individuals if a case of smallpox is confirmed

This forum will be held at the Broome County Health Department
Thursday January 23, 2003 from 10:30 A.M. – 12:00 NOON
225 Front Street, Binghamton, NY

To register, please call Nancy Evans at 607-778-8886 or
Brenda Crone at 607-778-2855
