1. How will SPOA providers use my information?

By signing the Universal Consent for Release of Information, SPOA providers can use your health information to coordinate and manage your health care; check if you have health insurance and what it pays for; and study and make health care better for patients. The choice you make does not allow health insurers to see your information, decide whether to give you health insurance, or pay your bills.

2. Where does my health information come from?

Your health information comes from places and people that gave you health care or health insurance in the past. These may include hospitals, doctors, drugstores, laboratories, health plans (insurance companies), the Medicaid program, and other groups that share health information. An example of where this information is accessed is Psychiatric Services and Clinical Knowledge Enhancement System (PSYCKES). If you have any questions, visit the PSYCKES website at www.psyckes.org and see "About PSYCKES" or ask your treatment provider.

3. What laws and rules cover how my health information can be shared?

These laws and regulations include New York Mental Hygiene Law Section 33.13, New York Public Health Law Article 27-F, and federal confidentiality rules, including 42 CFR Part 2 and 45 CFR Parts 160 and 164 (which are the rules referred to as the HIPAA Privacy Rule – or – "HIPAA" – Health Information Portability and Accountability Act).

4. How does SPOA protect health information?

The HIPAA Privacy Rule provides that an individual has a right to adequate notice of how a covered entity may use and disclose Protected Health Information about them, as well as their rights and the covered entity's obligations with respect to that information

 The Notice of Privacy Practices of the Broome County Mental Health Department can be found on the department's website, located here: https://www.gobroomecounty.com/mh/requestforrecords

If I agree, who can get and see my information?

Only individuals whom you have authorized are permitted to access and view your health information. For the purposes of SPOA, this may include treatment and services providers who work for SPOA or for a SPOA provider.

6. What if a person uses my information and I didn't agree to let them use it?

If you think someone used your information, and you did not agree to give the person your information, you can contact: the Broome County Mental Health Department at (607) 778-2351; the NYS Office of Mental Health Customer Relations at (800) 597-8481; or the United States Attorney's Office at (212) 637-2800.

7. How long does the Universal Consent for Release of Information last?

The Universal Consent for Release of Information is valid until you are no longer receiving/being connected to services accessed through Broome County SPOA, you revoke (take back) permissions, or as otherwise specified on page 1 of this document.

8. What if I change my mind later and want to take back my consent?

You have the right to revoke (take back) the written consent at any time. The revocation must be in writing on a form provided by Broome County located here: https://www.gobroomecounty.com/mh/requestforrecords. The revocation of consent does not affect information disclosed while the authorization was in effect. Note: Even if you later decide to take back your consent, providers who already have your information do not have to take it out of their records.

How do I get a copy of this form?

You can request to have a copy of this form after you sign it from: AdultSPOA@BroomeCountyNY_gov.
