**EXHIBIT "A"**

**TASK ORDER NO. 5**

**GREATER BINGHAMTON AIRPORT  
BROOME COUNTY, NY**

**PASSENGER FACILITY CHARGE PROGRAM ADMINISTRATION (2018)**

The project involves the administration of the Passenger Facility Charge (PFC) program at the Greater Binghamton Airport (BGM) through January 31, 2019.

The existing PFC program allows BGM to impose and use funds as permitted by Title 14 of the Code of Federal Regulations, Part 158, *Passenger Facility Charges*. The goals of this project are to assist the County of Broome (SPONSOR) with management of the PFC Program which provides funds for the local share of approved Airport Improvement Program (AIP) capital improvement projects as well as additional projects deemed eligible by the Federal Aviation Administration (FAA). It is understood that the SPONSOR will resume management of the PFC Program upon completion of this assignment, including the reporting of collections, physical project completion and financial completion to the FAA until all projects are physically completed, all related bonds have been retired, and all funds approved have been collected. Professional services to be provided by McFarland Johnson (CONSULTANT) shall include the following:

**A. ADMINISTRATION/PROJECT MANAGEMENT:**

The focus of this task is to maintain effective communication with Airport Management and the SPONSOR, manage the project budget, and coordinate the timing of all tasks within the project to ensure completion within the project schedule. Specific subtasks will include:

- a. Preparation of a project plan and overall project schedule
- b. Internal coordination meetings
- c. Up to one (1) meeting between CONSULTANT and SPONSOR will be conducted at BGM
- d. Up to one (1) teleconference will occur between CONSULTANT, SPONSOR, and FAA
- e. Drafting of miscellaneous agency correspondence

**B. SELECTION OF FUTURE PFC PROJECTS & MAINTENANCE OF CASHFLOW PROJECTIONS:**

This task includes assisting the SPONSOR in identifying projects for inclusion in the PFC program and maintenance of cash flow projections for PFC collections at BGM. Specific subtasks will include:

- a. Review of the SPONSORS goals and Airport Capital Improvement Plan (ACIP) as well as examine projects that have been completed in previous years, as applicable.
- b. Provide the SPONSOR with an opinion of PFC eligibility for projects considered for inclusion in the PFC Program.
- c. Assist the SPONSOR in selecting a final list of projects for the PFC Program for all Notice of Intent submittals and determining the funding method for each project (i.e., pay-as-you-go or bonding).
- d. Update cashflow projections for each year of the PFC Program based on previously approved PFC projects and those selected for a future Notice of Intents submittal. Annual and quarterly enplanements forecasts will be utilized to identify anticipated PFC collections at BGM.

**C. PREPARATION OF NOTICE OF INTENT DOCUMENTATION:**

This task includes the preparation of documents required for up to one (1) PFC Notice of Intent submittal to the FAA, as well as the required review of draft and final documents by the SPONSOR, FAA, and other stakeholders. The PFC Notice of Intent will be completed in accordance with 14 CFR 158.30, *PFC Authorization at Non-Hub Airports*. Per these requirements, the following subtasks will be completed:

1. **Airline Coordination:** This subtask involves attendance at the consultation meeting held with the airlines maintaining or planned for a significant business interest at BGM, regarding projects proposed for submittal as part of a PFC Notice of Intent. The SPONSOR will be required to develop all documentation required for the meeting, including notices to the air carriers and presentation materials based on application documentation provided by the CONSULTANT in advance. CONSULTANT will attend one (1) airline coordination meeting to assist the SPONSOR with answering any questions that may arise during the meeting.
2. **Compilation of Draft PFC Notice of Intent Documents:** Using documentation compiled through the previous tasks and subtasks, this subtask will result in the preparation of the new PFC Notice of Intent request. As noted, the PFC Notice of Intent will be completed in accordance with 14 CFR 159.30. The following items will be included in the submittal:

- a. A completed FAA Form 5500-1, PFC Application (latest edition) without attachments except as required below.
- b. Project information (in the form and manner prescribed by the FAA) including project title, PFC funds sought, PFC level sought, project description and, if an existing Airport Improvement Program (AIP) grant already covers a project, the grant agreement number.
- c. If the proposed projects are not covered by an existing AIP grant, a description of how this project meets the adequate justification of 14 CFR 158.17.
- d. A copy of all documents provided from and received by the SPONSOR during the air carrier consultation and public comment processes (as defined by 14 CFR 158.23 and .24) and the SPONSOR'S response to any disagreements.
- e. A signed statement by the SPONSOR certifying that the agency will comply with the assurances set forth in the FAA Form 5500-1.

This subtask will also include the compilation of documentation regarding the status of the Airport Layout Plan, environmental and airspace findings for each project. If these findings have not been made yet, it will be noted accordingly. This subtask does not include the completion of documentation for environmental reviews, the completion of airspace analysis, or pen & ink changes to the approved Airport Layout Plan.

#### **D. PREPARATION OF PFC AMENDMENT DOCUMENTATION:**

This task includes the preparation of documents required for up to one (1) submittal of amendments to the FAA for projects previously approved to impose and use PFCs at BGM. This task will also include the required review of draft and final documents by the SPONSOR, FAA, and other stakeholders (as applicable). The amendment documentation will be completed in accordance with 14 CFR 158.37; *Amendment of Approved PFC*. Per these requirements, the following subtasks will be completed:

1. **Update Project Costs for Amendments:** Under this subtask, projects completed utilizing funds approved for collection and use in previous PFC Applications will be analyzed to determine shortfalls or balances in project funding and to determine if projects remain applicable. These costs will be updated in the PFC account cash flow documents. As stated in 14 CFR 158.37, airline consultation and public coordination will only be required for an amendment where there is a change in scope or where the total PFC portion of a project cost is greater than \$1,000,000 and the proposed increase in the PFC portion of project costs is greater than 25%. Should airline consultation and public coordination be required for an amendment to a project, the completion of the amendment and the required coordination will

occur concurrently with coordination for a new PFC Notice of Intent as identified in Task C.

2. **Prepare Amendment Request Form Report:** This subtask will include preparation of an Amendment Request Form Report for all previous PFC Applications and Notices of Intent where projects will be amended. This task will include the completion and submittal of a report for all projects identified in the previous subtask, as well as the preparation of an FAA Form 5500-1 to accompany each Amendment Request Form Report.

## **SCHEDULE**

The proposed schedule will include administration of the Greater Binghamton Airport's Passenger Facility Charge Program through January 31, 2019. During this time, up to one (1) PFC Notice of Intent application is anticipated for submission to the FAA. The schedule for the submission of documents will be coordinated with the Airport and will be based on funding priorities at the time. It is anticipated that a complete PFC Notice of Intent, from start to acknowledgement by the FAA, will take up to eight (8) months.

## **ASSUMPTIONS**

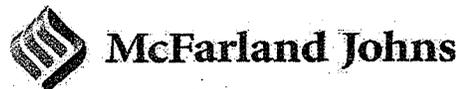

- PFC Notice of Intent will be prepared in accordance with 14 CFR 158.30. The submission of a complete PFC Application (outside of a PFC Notice of Intent) will be considered out of scope work and will be subject to a separate or supplemental agreement.
- The completion of any required airline consultation and public coordination efforts for projects to be amended will be completed by the SPONSOR concurrently with similar airline consultation and public coordination efforts for the PFC Notice of Intent application.
- Any projects that will be considered "Impose Only" will require the submission of "Use Only" documentation within three years of the start of PFC collections. The submission of "Use Only" documentation will be considered out of scope work if completed after the submission of the PFC Notice of Intent and will be subject to a separate or supplemental agreement.
- All airline meetings will be conducted at BGM.
- The SPONSOR will be responsible for the development and distribution of all public notice documents as required under 14 CFR 158. Public advertisements will be the responsibility of the SPONSOR.
- No meetings will be included other than those specifically identified in this Scope of Services.
