

BROOME COUNTY COMMUNITY IMPROVEMENT GRANTS

ECONOMIC DEVELOPMENT AND MARKETING FUNDS PROGRAM AND APPLICATION GUIDELINES

Revised 2/4/2025

Overview and Purpose

Broome collects funds through the local Occupancy Tax, accumulated by means of a tax on stays at the County's hotels and motels. Municipalities and not for profit organizations may apply for these funds under two categories. The purpose of this fund is to support events, projects and programs that support the economic development, tourism and community improvement goals of the County and local communities. This program supports projects that can demonstrate a positive impact on the local economy and tourism. These may be projects that bring in visitors from other areas, improve community character, or support efforts to leverage private investment, among others.

Timeline

Applications will be accepted on a rolling basis (pending availability of funds). They will be considered at the bi-weekly meetings of the Community Improvement Grants Committee. Once funding is approved by the committee, additional approval by the Broome County Legislature may be required. Applicants should ensure that your application is submitted a minimum of two months prior to when disbursement of funds is needed. Applicants should be aware that processing times may vary so additional lead time is recommended and no guarantee of a date of funding availability is made.

Funds must be spent within 12 months of award. Requests for extensions must be submitted in writing to the Department of Planning and Economic Development and will be considered on a case-by-case basis. Extensions may require additional legislative approvals.

**Dates may be subject to change at the discretion of the grants review committee*
